About Philea

Our vision is for philanthropy to use its full potential to co-shape and support a pluralistic, just and resilient society that centres people and planet. To achieve this, our mission is to enable, encourage and empower the philanthropic community to build a better today and tomorrow.

We nurture a diverse and inclusive ecosystem of foundations, philanthropic organisations and networks in over 30 countries that work for the common good. With individual and national-level infrastructure organisations as members, we unite over 7,500 public-benefit foundations that seek to improve life for people and communities in Europe and around the world.

We galvanise collective action and amplify the voice of European philanthropy. Together we:

- **Co-create knowledge and learn** from effective practices
- **Collaborate** around current and emerging issues
- **Promote enabling environments** for doing good

In all we do, we are committed to enhancing trust, collaboration, transparency, innovation, inclusion and diversity.

Policy and advocacy at Philea

Philea champions the interests of its members vis-à-vis the EU and multilateral organisations. Through [our policy and advocacy work](#), we strive towards an enabling operating environment for European philanthropy by monitoring and analysing policy and regulatory trends at national, European, and international level, and engaging around this agenda with policymakers and other stakeholders. We position philanthropy as a key actor on societal issues and facilitate strategic engagement and collaboration opportunities, including public-private partnerships.

Legal Affairs Committee

Philea's [Legal Affairs Committee \(LAC\)](#) consists of legal and public affairs experts from Philea members, composed of both national associations and foundations, across Europe. The members of the LAC advise on Philea's policy and advocacy work.
